Listing of Claims:

This Listing of Claims does not amend the claims, and is presented only for the Examiner's convenience.

1. (Previously Presented) In a computer, a method comprising steps of:

receiving user input identifying a symbol, a text expansion, and a program;

associating the text expansion and the program with the symbol;

receiving handwritten user input;

determining whether the handwritten user input represents the symbol;

determining a context in which the handwritten user input is written;

choosing between either the text expansion or the program depending upon the determined context; and

either displaying the text expansion or launching the program depending upon the outcome of the choosing step

Claims 2-12. (Canceled).

13. (Original) A computer-readable medium storing computer-executable instructions for performing the steps recited in claim 1.

14. (Previously Presented) In a computer, a method comprising steps of:

receiving first handwritten user input including at least first handwritten user input, the first handwritten input being associated with both expanded text and a program;

(handwritten annotation in margin: Do Not Enter - G.V. 11/8/07)
